

# LISTA OFICIALĂ AN TARIFELOR PENTRU ANALIZELE DE LABORATOR

| Nr. crt. | Denumire analiza                   | Metoda de lucru                    | Tarife LEI 2019 |
|----------|------------------------------------|------------------------------------|-----------------|
|          | <b>HEMATOLOGIE</b>                 |                                    |                 |
| 1        | Hemoleucograma completa            | Automata                           | 20.00           |
| 2        | Numaratoare reticulocite           | Manuala                            | 15.00           |
| 3        | Examen citologic frotiu sanguin    | Microscopie (manuala)              | 30.00           |
| 4        | VSH                                | Manuala (Westergreen)              | 6.00            |
| 5        | Timp de coagulare                  | Manuala (pe lama)                  | 10.00           |
| 6        | Timp de sangerare                  | Manuala, metoda Ivy                | 10.00           |
| 7        | Timp Quick, INR                    | Coagulometrica (automat)           | 15.00           |
| 8        | Fibrinogen                         | Coagulometrica (automat)           | 18.00           |
| 9        | APTT                               | Coagulometrica (automat)           | 18.00           |
| 10       | Determinare grup sanguin ABO       | Hemaglutinare (manuala)            | 15.00           |
| 11       | Determinare Rh                     | Hemaglutinare (manuala)            | 15.00           |
|          | <b>BIOCHIMIE CLINICA</b>           |                                    |                 |
| 12       | Uree serica                        | Spectrofoto-metrica (auto)         | 10.00           |
| 13       | Acid uric seric                    | Spectrofoto-metrica (automat)      | 10.00           |
| 14       | Creatinina serica                  | Spectrofoto-metrica (automat)      | 10.00           |
| 15       | Calciu seric total                 | Spectrofoto-metrica (automat)      | 10.00           |
| 16       | Ca ionic                           | Calcul (automat)                   | 10.00           |
| 17       | Trigliceride serice                | (automat)                          | 10.00           |
| 18       | Colesterol seric                   | Spectrofoto-metrica (automat)      | 10.00           |
| 19       | LDL colesterol                     | Calcul (automat)                   | 16.00           |
| 20       | VLDL colesterol                    | Calcul (automat)                   | 10,00           |
| 21       | HDL colesterol                     | Spectrofoto-metrica (automat)      | 16.00           |
| 22       | Lipide totale                      | Spectrofoto-metrica (automat)      | 16,00           |
| 23       | Proteine serice totale             | Spectrofoto-metrica (automat)      | 10.00           |
| 24       | TGO                                | Spectrofoto-metrica (automat)      | 10.00           |
| 25       | TGP                                | Spectrofoto-metrica (automat)      | 10.00           |
| 26       | Colinesteraza serica               | Spectrofoto-metrica (automat)      | 21.00           |
| 27       | Fosfataza alcalina                 | Spectrofoto-metrica (automat)      | 10.00           |
| 28       | Glicemie                           | Spectrofoto-metrica (automat)      | 10.00           |
| 29       | Gama GT                            | Spectrofoto-metrica (automat)      | 10.00           |
| 30       | LDH                                | Spectrofoto-metrica (automat)      | 10.00           |
| 31       | Bilirubina totala                  | Spectrofoto-metrica (automat)      | 10.00           |
| 32       | Bilirubina directa                 | Spectrofoto-metrica                | 10.00           |
| 33       | Bilirubina indirecta               | Calcul(automat)                    | 10.00           |
| 34       | Amilazemie                         | Spectrofoto-metrica (automat)      | 10.00           |
| 35       | Amilazurie                         | Spectrofoto-metrica (automat)      | 10.00           |
| 36       | Ionograma (sodiu, potasiu, clor)   | Potentiometrica indirecta(automat) | 30.00           |
| 37       | CK-MB                              | Spectrofoto-metrica (automat)      | 25.00           |
| 38       | CPK                                | Spectrofoto-metrica (automat)      | 22.00           |
| 39       | Fer seric (sideremia)              | Spectrofoto-metrica (automat)      | 10.00           |
|          | <b>HORMONI SI MARKERI TUMORALI</b> |                                    |                 |
| 40       | TSH- test rapid                    | Imunocromatografie (manual)        | 22.00           |
| 41       | PSA- test rapid                    | Imunocromatografie(manual)         | 25.00           |
|          | <b>IMUNOLOGIE</b>                  |                                    |                 |
| 42       | VDRL/RPR                           | Aglutinare(manual)                 | 10.00           |
| 43       | TPHA                               | Aglutinare(manual)                 | 10.00           |

|    |                                                                                                    |                                                   |             |       |
